

Catastrophe Services

Our CAT Team is Ready to Assist

Large catastrophic property losses present unique adjustment and logistical challenges. Custard Insurance Adjusters understands these special circumstances and is committed to providing quality catastrophe services nationwide.

Our Catastrophe Division is comprised of adjusters and claims managers specifically selected for their expertise in the handling of catastrophic losses. In the event of a disaster, the Custard CAT Team will quickly mobilize our loss professionals and immediately begin working to assess damages.

CIA's response team has experience in:

Hurricanes

Tornadoes

Earthquakes

Explosions

Environmental Accidents

Wildfires

Floods

Hailstorms

Planning & immediate response is critical in setting up a successful catastrophe operation. The CAT Management Team has the ability to pre-plan, mobilize, deploy and effectively manage our Client Partners' catastrophe operations. Regardless of when or where a catastrophic loss occurs, our 24/7 HOTLINE gives our client's **immediate access** to mobilize an onsite Catastrophe Team to avoid any lapse in the investigation and adjustment process.

Let CIA put our years of experience, integrity and quality service to work for you.
