

# Heavy Equipment Division

## Unmatched Quality Services

The Heavy Equipment Division aims to deliver a **consistent quality work product** throughout the United States & Canada. This ensures **accurate, well documented and timely** physical damage appraisals and valuations, each and every time. This centralized division manages all HE appraisals and claims utilizing CIA's 250+ locations for physical inspections.

In addition to providing **technical knowledge**, the division has access to all available repair and valuation publications and resources. Clients can expect to receive **unmatched quality services**.

We assist clients with all types of Heavy Equipment and Specialty vehicle appraisals, including:

Tractor/ Trailer

Construction Equipment

Cranes

Agricultural Equipment

Motor Homes & Recreational Vehicles

Oil Field Equipment

Specialty Heavy Equipment

Emergency Response Vehicles

It is our goal to provide the most **efficient and cost effective solution** to heavy equipment investigations while maintaining our commitment to claims handling excellence.
